Dogs That Serve

New stamps honor the heroism of dogs in America's armed forces.

Dogs play an essential role in the U.S. military. For generations, brave and loyal canines have conveyed messages, detected explosives, pinpointed enemies, and performed other important tasks for America's armed forces. The new **Military Working Dogs** stamps honor these courageous animals and evoke the love and respect we hold for the dogs in our lives.

For illustrators Nathan Goldman and Dan Kuhlken of DKNJ Studios, creating the artwork for the stamps was a dream project — the chance to draw, as Kuhlken puts it, “basically our favorite animals in the world.” According to Goldman, the assignment gave the pair “a new appreciation” for the dogs they know and love. “We got to analyze them and their mannerisms, how they carry themselves,” he says.

Through that analysis, Goldman and Kuhlken learned to identify the often subtle differences between breeds. With the help of art director Greg

Breeding and designer Mike Ryan, they worked to make each dog feel distinct and authentic. “A lot of it was moving an ear a little bit this way or an eye a little bit that way,” Goldman says. “There was trial and error, but certain poses just feel very organic for each breed.” The team chose to show the German shepherd, for example, from the side with its tail low to the ground — a common stance for the breed. By contrast, they illustrated the Labrador retriever from the front, to emphasize what Kuhlken calls the Lab’s “smiley look.”

Yet a single vision unites the four designs. “A lot of these dogs are chosen because they’re very athletic, so getting them into strong stances felt good,” Kuhlken says. “We wanted the dogs to feel heroic in these poses.”

Since the issuance was first announced in January, the stamps have garnered many fans. Kuhlken and Goldman continue to receive messages from devotees across the country. Goldman says he finds the messages from those who partner with dogs particularly touching. “They’re saying things like ‘We’re so excited that there’s a stamp for us now,’” he says.

For dog lovers of all stripes, the stamps represent a powerful connection. “I think Dan and I both relate to the feeling that your dog is like a family member,” says Goldman. “And I can only imagine if you’re working with a dog as well, how close that bond is.”

Tyrannosaurus Rex

First-Class Rate Forever® / The U.S. Postal Service digs deep into the fossil record to reveal these new stamps, which capture *Tyrannosaurus rex* at three different stages of growth, as well as in skeletal form. Extinct for about 66 million years, the species remained undiscovered until around the turn of the 20th century.

Every detail in paleoartist Julius Csotonyi's stamp illustrations reflects scientific estimations drawn from an ever-expanding body of research. According to Csotonyi, the browns and grays of *T. rex*'s skin echo pigments that are found in the fossils of similar species, while the warmer, brighter colors reflect inferences drawn from birds that descended from the dinosaurs. The downy coat on the hatchling, though hypothetical for *T. rex*, is based on discoveries of other predatory dinosaurs and their bird descendants, while the bare skin on the older versions reflects recent findings suggesting that adult *T. rex* had skin that was exposed.

1969: First Moon Landing

First-Class Rate Forever® / On July 20, 1969, Apollo 11 astronauts Neil Armstrong and Buzz Aldrin achieved something that had long been confined to the realm of science fiction when they landed a spidery spacecraft named *Eagle* on the moon. Only eight years earlier, President John F. Kennedy had announced the goal of landing a man on the moon before the end of the decade. Some 400,000 Americans worked to meet this seemingly impossible goal.

To mark the 50th anniversary of this historic event, the U.S. Postal Service issued two stamps. One features the iconic photograph of Aldrin in his spacesuit on the surface of the moon. The photograph was taken by Armstrong. The other stamp, which features a photograph of the moon taken in 2010 by Gregory H. Revera from his home in Madison, Alabama, shows the landing site of the lunar module in the Sea of Tranquility.

## Duck Stamps

Issued by the Department of the Interior, these stamps are much more than keepsakes for collectors and enthusiasts. Nearly all proceeds help protect bird and wildlife habitats. Since 1934, Duck Stamps have raised more than one billion dollars to protect six million acres of wetlands habitat on national wildlife refuges around the nation.

Featuring artwork selected annually through a juried contest open to the public, these stamps also serve as licenses for waterfowl hunters. All stamps are made with pressure sensitive adhesive (PSA).

# USA Philatelic ORDER FORM

## HOW TO PLACE ORDERS

### STANDARD ORDERS

#### ALL STAMP ITEMS HAVE 6-DIGIT ITEM NUMBERS.

Just enter the 6-digit item number in the "ITEM NUMBER" space on the order form, along with the quantity. To order 1 pane of 20 *Gregory Hines* stamps you would fill in "477004" under "Item Number" and enter 1 under "Quantity."

| ITEM NUMBER | QUANTITY | PRICE (each) | TOTAL |
|-------------|----------|--------------|-------|
| 477004      | 1        | 11.00        | 11.00 |

Requests for more than 20 per item will not be prepackaged. Requests for more than 20 of an individually prepackaged item will incur the Custom Order fee plus an additional 10¢ per item.

### CUSTOM ORDERS - Prepackaging is not available

#### HOW TO REQUEST CUSTOM ORDERS

Custom orders are configurations other than those listed for each item and will result in an additional \$2.25 Custom Order fee. Stamps listed as "FULL PANE" are not available as Custom Orders. Booklets, souvenir sheets, and coils are not available for Custom Orders. All items have 6-digit item numbers. The first 4 digits plus "01" make the base number for Custom Orders. For example, to order a block of 4 *Hearts Blossom* stamps, you would use item number "565001", quantity of 4, for a total of \$2.20. You would receive a block of 4 connected stamps.

EXAMPLE:

| ITEM NUMBER | QUANTITY | PRICE (each) | TOTAL |
|-------------|----------|--------------|-------|
| 565001      | 4        | 55           | 2.20  |

For all Full Pane position requests, use the base number (first 4 digits plus "01") and note the position(s) requested under "Special Order Instructions" on the order form.

#### MINIMUM ORDERS FOR PLATE NUMBERS AND POSITIONS

Plate numbers or marginal inscriptions for stamps with selvage can be ordered in minimum quantities:

|                           |                                  |
|---------------------------|----------------------------------|
| For 1¢ to 55¢ stamps:     | Full pane                        |
| For 56¢ to \$1.15 stamps: | Full pane or block (per listing) |
| For \$1.16 and up stamps: | Block of 4                       |

Standard packaging for press sheets is rolled; a request to ship press sheets flat is considered a Custom Order. Requests for non-prepackaged items will result in a custom order charge.

If you need assistance with your order or would like to speak with a customer service representative, please call 1 (800) 782-6724, Mon-Fri 8AM-8PM EST; Sat 8AM-6PM EST; closed Sundays and postal holidays.

## GENERAL INFORMATION

**EXCHANGES:** We always strive to deliver stamps of the highest quality. If you receive a damaged or flawed item, it may be sent back for an exchange. Please complete the Merchandise Exchange/Order Form located at the bottom portion of your pack slip within 30 days of receipt. Be sure to include a copy of your entire exchange/order form/packslip. You must return the complete product for mint set exchanges. Coil strips of 500 cannot be returned or exchanged.

**PREORDERS:** All orders for items not yet on sale will be placed on preorder status, and will be sent out when all preordered items are in stock. Items that are in stock on the same order will be sent out promptly. Certain products are not available for preorder. Please refer to specific products for preorder information.

**AVAILABILITY:** All items listed in this catalog are subject to availability. Stamp Fulfillment Services (SFS) reserves the right to withdraw any item from sale without prior notice.

**STAMPS NO LONGER AVAILABLE:** Stamps no longer available from the U.S. Postal Service® may be purchased from stamp dealers on the secondary market.

**UNDERPAYMENT:** If payment is not sufficient, items will be deleted from your order. Every effort will be made to avoid deleting items that will soon be off sale.

**OVERPAYMENT:** Payments received for items not available and funds received in excess of order total (overpayment) will be refunded within 15 business days. Refund must exceed \$1.00.

**MISSING ORDERS:** Any claim for an order that was paid for but not received within 30 days must include one of the following: (1) a copy of both sides of the cancelled check with the endorsement date on the back, or (2) a photocopy of your credit card bill along with your philatelic identification number, if known.

**CLAIMS:** Any claims on fulfilled orders, or any requests for exchange of damaged items, must be submitted within 30 days of receipt to Stamp Fulfillment Services, P.O. Box 219424, Kansas City, MO 64121-9424. The telephone number is 1 (800) 782-6724 (from outside the U.S., call 1 816 545-1000). Our e-mail address is [sfsdelivery.confirmation@usps.gov](mailto:sfsdelivery.confirmation@usps.gov). Please do not place orders through this e-mail address.

**MARGINAL INSCRIPTIONS:** Various kinds of markings may appear on the selvage of stamps printed in sheets—plate numbers, the U.S. Postal Service® copyright notice, color control markings, informational inscriptions, and other printing marks or U.S. Postal Service® slogans. Plate blocks (a block of stamps including the plate number) vary according to issue and plate position. You may specify other marginal inscription blocks for any issue on which they appear under "Special Order Instructions" on the order form. See additional information and instructions under "Custom Orders." Any such order will be charged the custom order fee.

**ROUND ROBINS:** Stamps printed in sheets are trimmed into individual panes, and sets of matching panes may be purchased. High-value (\$1.16 and up) plate blocks are often purchased as matching plate blocks of four: one from each corner of the pane, each with its plate number in a different position.

**FOR OFFSET/INTAGLIO ISSUES:** Due to frequent changes of offset plates, we can guarantee matched sets of intaglio plate numbers only.

**FOR BOOKLETS AND COILS:** We cannot guarantee specific plate numbers, slogans, or electric-eye markings.

## PAYMENT

Payment may be made by credit card (American Express®, MasterCard®, VISA®, DISCOVER®/Novus), check, bank draft or a U.S. Postal Service® Money Order made payable to USPS®. We cannot accept any C.O.D. orders. Credit card orders are not accepted for precancelled stamps.

**FOREIGN ORDERS:** Payment for foreign orders may only be made by check preprinted in U.S. funds or draft drawn on a U.S. bank. Foreign currency or International Reply Coupons are not acceptable. Determine shipping and handling charges (add \$2.25 for custom orders), and add \$5.25 shipping and handling for orders to be mailed to a foreign address. Some countries may require Registered Mail™; check with local postal authorities.

## Beyond the Perf

## Stamp creators reveal how they solved key design challenges. How do you paint with a one-color palette?

FROGS SEEM TO EXIST IN EVERY COLOR. But to describe frogs found in the U.S., most of us would use just one: green. This presented a serious challenge for stamp art director Bill Gicker and artist Nancy Stahl, who aimed to depict American frogs in their (also very green) environments. "The artwork kept looking flat and monochromatic," Gicker says. I knew that was going to make for boring stamps."

Although frogs are natural masters of camouflage, Gicker realized it was important to nudge the stamps in the opposite direction. Stahl and Gicker strengthened the silhouettes of the frogs to make them stand out more clearly from their environments. The team also played with contrast, lightening the background for some stamps and darkening it for others.

Perhaps most significantly, Stahl and

Gicker found ways to introduce a sense of movement. The frogs shown aren't leaping — when outstretched, their gangly legs don't fit inside a stamp frame, Gicker says — but their toes and leg joints break the stamp edges, suggesting motion. "We wanted to make it look like they were alive," Gicker says — "like they could spring off the paper at any second."
